- **What can I do to advance through the phases to graduate?**
- **What are phases?**

How long will I have to participate in MMTC?
 MMTC participants must participate in the court mandate for at least 8 months.

What are the MMTC phases?
 Phases are a way of showing your progress in treatment. They show how close you are to completing your court mandate.

How many phases are there and how long are they?
 All participants must complete all 4 phases:

- Phase 1 ⇒ at least 30 days
- Phase 2 ⇒ at least 60 days
- Phase 3 ⇒ at least 90 days
- Phase 4 ⇒ at least 60 days

How can I complete the phases in the least amount of time?
 That is up to you! If you use drugs, break the rules and the Judge sanctions you, you may have to begin your current phase all over again, causing you to remain in the phase longer.

What things will increase the time I spend in MMTC?

- ⚡ Continued use of drugs and alcohol;
- ⚡ Missing program appointments;
- ⚡ Lateness at the program or court;
- ⚡ Breaking rules at the program;
- ⚡ Missing court appearances;
- ⚡ Leaving a program without permission;
- ⚡ Tampering with a urine sample;
- ⚡ Re-arrest (which may result in termination & jail);
- ⚡ Violent, disruptive or disrespectful behavior towards court personnel or treatment staff;
- ⚡ For participants going to school, poor attendance, bad grades or not doing assigned class work.

What will happen if I violate any of the MMTC rules?
 The Judge may impose a sanction, or punishment, for any behavior that violates the rules. These sanctions include:

- ⊗ Public reprimand by the Judge;
- ⊗ Essay writing;
- ⊗ Jury Box sanction ⇒ observing court from 9am-5pm;
- ⊗ More frequent court appearances/case management;
- ⊗ Jail ⇒ from 1 day up to 2 weeks or more;
- ⊗ Discharge from MMTC ⇒ sentence to the jail alternative.

Who can I turn to for help if I feel like using drugs or I feel I might violate one of the MMTC rules?
 Everybody involved in the MMTC program wants you to successfully complete this program. Please ask for help at any time, especially before you use drugs or violate the rules, but even if you already have. You can turn to your program counselor, your case manager or probation officer, your attorney and even the Judge.

Remember — You will need to do the hard work to change your lifestyle, but we will help you any way we can.

And ... Keep in Mind — If you continue to lead the lifestyle that led to your arrest, you put your sobriety and freedom at risk. You are likely to wind up in jail.

Positive Steps for MMTC Success!

- ⚡ Find a new group of positive friends. Remember “People, Places and Things”. People who offer you drugs are NOT your friends. They are a danger to your recovery.
- ⚡ Go to new positive places and avoid old negative ones.
- ⚡ Find positive activities to replace the old negative ones.
- ⚡ Avoid any activities related to your old drug lifestyle.
- ⚡ Keep busy! Find productive ways to spend your time.
